

DEMOS

EVICTION, c/o ROB TABACHKA, 12 Victory Lane, Leetsdale, PA 15056, 6.00 U.S./7.00 overseas. The best tape for your money. Hardly a demo with eight full ripping songs that take you thru some great new tunes, plus a cover tune of the WHO's, MY GENERATION, re-done a la **EVICTION** style. The vocal style fits the music perfectly. A lot of good riffs with the drums doing some excellent fills. The entire tape is great. We're not talking a demo here, but LP material. This is the follow up to their first demo release, STRUGGLE WITH SOCIETY. Don't hesitate, get it today.

CYPERUS, 1500 Lake Park Dr. #22, Tumwater, WA 98502. No price. This entire tape is in the vein of power heavy metal all done with class. I didn't enjoy the vocals only because I hate high pitched screamed vocals that don't blend into the music, but that shouldn't stop you from inquiring about this tape. Well executed riffs and drumming on all tracks. Great recording, well produced.

MACRODEX, c/o ROGER PETTERSSON, O. Asgatan 15B, 632-15 Eskilstuna, Sweden, 4.00 postpaid. Excellent thrashing music. Pounding bass highlights most songs. Drums are good too. Occasional riffs polish off some songs. Vocals are on the deep low end so it sounds like any other thrash tape, but a second listen will convince there's some hope. **DISGORGED TO CARRION** is the title of this tape....**FESTER**, c/o JOHN O'BRIEN, 5034 Coquina Key Dr. S.E., St. Petersburg, FL 33705. 5.00 postpaid. **THE OTHER SIDE OF THE ICE** has five songs of some aggressive progressive metal. T-shirts, stickers are also avail-

able from this band. Great sound and good production. Cool vocals and some decent compositions on the demo tape make it worthwhile.

DEFORMED, c/o DAVE, 20 Keble Grove, Leigh, Lancs, WN7-5LQ England. 4.00 postpaid. Different is the word on this tape. Doomy stuff with some psychedelics thrown in to make it even more weirder! If there's such a thing. Not thrash and not total doom either. I think these guys are working on a record deal! Also, DAVE puts out a double sided one page newsletter that he distributes himself in and out of the U.K. So if you want some exposure, send him your stuff. He's a great friend and will help with anything.

KRULL, c/o VINCENT BOUCHARD, 74 Rue Dunois, 75646 Paris Cedex 13, France. 5.00 postpaid. Ten songs of thrash with a European hardcore sound. Fast, furious, and decent recording. Soon to be out with an EP, appear on compilations and maybe a split LP. VINCENT also does a fanzine.

MASSACRA, c/o JEAN-MARC TRISTANI, 19 Rue Lampertheim, 95120 Ermont, France. 6.00 postpaid. Yet another awesome demo from the French death metal band. Contrary to the myth that most French bands don't play good metal, this band shatters those myths. Nothing from some great heavy thrash with some classy grindy/doomy parts. Vocals are still a little low, but you don't miss anything. Great packaging, great cover. Professionally done. The band just toured Canada. Well worth the price as all songs average over five minutes. This tape is a must.

SOLITUDE, c/o BRIAN HAMBLETON, P.O. Box 613, Paoli, PA 19301, 4.00 postpaid. Do not confuse this band with the Texas doom band. This band plays with a powerful metal style not like any other. They only speed it up when necessary, maintaining great rhythm with some tempo changes, but nothing fancy that would take anything away from the music. Dynamic vocals on some parts of the songs makes this a very interesting four song demo. **SICKNESS** is the title of this tape, but it's far from it!... **ARMOROS**, c/o JED SIMON, 1813 Crescent Rd., Victoria B.C., Canada J8S-2G7. I'm not sure if this demo is still
